**Ludovico Einaudi** will be playing music from across his career. Some of the pieces are featured on the new Decca collection *Solo Piano*, but the programme changes every night.

Ludovico has invited cellist and composer **Redi Hasa** to play a short solo set as the first half of the *Solo Piano* tour. Redi has been an integral member of Ludovico's touring groups for many years, while also recording with artists from Blonde Redhead to Robert Plant. Last year, he formed L'Antidote, an international trio which triumphed in the Best Of Year lists across the world.
